NOTES ON NEWS OF THE DAY.

CORNELIUS R. SHAFER is the Republican nominee for Assembly in the first Saratoga district. Samuel R. Mott has received the Republican nomination for Assembly in Madison county.

GEN. JAMES C. ROGERS of Sandy Hill was yesterday nominated by acclamation as the Republican candidate for State Senator in the sixteenth district, composed of Rensselaer and Washington counties. This district elected a Democratic Senator two years ago, but gave Harrison 4,048 majority last fall, and a Republican majority of 3,992 for Congress. Gen. Rogers' nomination means a Republican gain.

THE United States Senate, when it meets in December, will contain 84 members, representing forty-two states. Of these 47 will be Republicans and 37 Democrats. In the house there will be 330 members. For organization there will be 169 Republican and 161 Democratic votes. There will be a considerable enlargement of the Republican majority later, resulting from the settlement of seventeen contested elections.

MANY of the leading Democrats of the state were conspicuous by their absence from the convention yesterday. They had been forced out by Gov. Hill to make room for the representatives of the liquor trade. These were out in full force, and the hall was redolent of whisky and beer. Your Democratic statesman of to-day carries a bleared eye, cheeks of leather, "hair on his teeth" and a lecherous grin. Of this sort are our rulers in the Empire state.

NORTH DAKOTA voted the Republican ticket yesterday by 8,000 to 10,000. The Republican majority in South Dakota is between 5,000 and 10,000. In Washington there has been a complete Republican sweep. Montana Democrats claim the Governor in that state, but the Legislature and the Representative in Congress will undoubtedly be Republican. The net result of yesterday's elections is the addition of eight Republicans to the Senate and five to the House.

ON Gov. Hill's new state committee there are only eight Cleveland Democrats left. The original arrangement was to leave nine, but yesterday it was found that the place of Cord Myer of the first district was needed, and he was also sent to the rear. Patrick Gleason, Mayor of Long Island City, was substituted for him. The nomination of Frank Rice for Secretary of State gave Mr. Hill an opportunity to put John Campbell in his place. The Cleveland men are carrying razors in their boots.

LIEUT. GOV. JONES pictured Gov. Hill yesterday as a gallant knight, riding at the head of a procession, and bearing a banner aloft in his hand. Gov. Hill's only public appearance on horseback was in the centennial procession last spring, when his horse had to be led by two orderlies, and he repeatedly dropped the reins in trying to return a salute. Since that time no Democrat has ventured to think of our Governor trying to pose at the head of the militia of the state as its Commander-in-chief. Jones is audacious and cruel.

BOYER and Bigler of Pennsylvania stopped at Tyrone for the night last Sunday evening, and it is ascertained that they occupied the only bed in the only vacant room of the only hotel of that town. Boyer is the Republican and Bigler the Democratic candidate for State Treasurer. They passed the night so agreeably that the next morning they started out together for a joint canvass. Again we note the remark that "politics make strange bed-fellows." But it is only at a Democratic state convention that harmony can be maintained with three in a bed.

DENIS O'BRIEN was the direct choice of the Whisky men. They demanded his nomination and promised liberal support to the ticket in that event. If Mr. O'Brien is elected the Court of Appeals will contain five Democrats and two Republicans. This will give whisky a reliable majority on every question affecting its interests. A great many Democrats, even including some who are prepared to swallow the disgraced Wemple and Tabor, will draw the line at O'Brien. They do not want both a Whisky Governor and a Whisky Court of Appeals.

THE decrease of the public debt, "less cash in the Treasury," was \$13,685,094 during September. The interest bearing debt and the debt on which interest has ceased since maturity, including interest due thereon, fell from \$883,658,808 to \$874,552,656, a decrease of \$9,106,152. This is the real debt as explained by Secretary Windom, and the decrease indicates the amount that has been paid upon the government's obligations. The debt bearing no interest, which includes government currency, gold and silver certificates etc., increased from \$763,172,294 to \$763,223,313. The cash and cash items in the Treasury rose from \$503,055,537 to \$566,720,333. The surplus cash on hand is \$46,544,429, an increase of not quite \$6,000,000 during the month. The total debt, less cash in the treasury, and including all sorts of circulating medium, is \$1,070,005,531. This is \$195,500,000 in excess of the real debt.

HILL is bringing back the regime of Tweed as rapidly as possible. His defiance of all decency in the re-nomination of Wemple and Tabor recalls Tweed's challenge to the public, "What are you going to do about it?" The question is one which needs to be considered in this campaign. The opportunity is now at hand to remit this cabal of infamous politicians to private life. If the duty is delayed the courts will take it up before two more years have passed by. The Democratic party re-elected Tweed to the Senate after he had been indicted, but he dared not show himself in Albany. Wemple and Tabor are under moral indictment before the people. Is the re-election of Tweed to be enacted in their cases, in spite of the untidy involved? Must the honest people be forced to go to the courts again, before they can shake of this incubus of misrule and ever-growing scandal and shame? Is the great state of New York able to elect honest men to office or not? This is the paramount issue in the present campaign.

REPUBLICAN VICTORIES.

Result of Elections in Four New Western States Yesterday.

GENERAL SPORTING NEWS.

Notes of the Turf, The Diamond And Other Pastimes.

GENERAL TELEGRAPH NEWS

RESULT OF ELECTIONS IN FAR WEST.

Republicans Successful in North and South Dakota and Washington.

By Telegram to The Freeman.

FARGO, N. D., Oct. 2.—Throughout the State the total vote is not so heavy as was expected. Many people have moved away from Jamez, Eddis and Nelson counties owing to the failure of the crops. The Legislature is strongly Republican. The Democrats elect Senators in the First, Second, Third, Twelfth, Sixteenth, Eighteenth, Nineteenth, Twentieth, Twenty-fifth, Twenty-seventh and Twenty-eighth Districts. The Republicans get 20, in the Twenty-third District in doubt. The Republicans also get 26 members of the Assembly. The Democrats get 18. There are five districts in doubt. Hansbrough, Republican, is elected to Congress by about 12,000 majority. The contest over the Judgeship is close. A Republican headquarters in the State ticket is claimed by from 10,000 to 12,000.

ABERDEEN, DAK., Oct. 2.—During the election yesterday the Sunday School children here marched in procession to influence the vote on the Prohibition amendment.

PIERRE, S. D., Oct. 2.—South Dakota's first State election descended to a degrading scramble for Capital location. There has been no fight on anything else. Mellett is elected Governor by over 20,000 majority. Pickler and Gifford go to Congress. The Republican majority in the Legislature will be at least 60, securing the election of two Republican United States Senators. The vote was enormous—probably 80,000—and the trade and sale of ballots was based on the Capital fight. For the Capital, Pierre, Huron, Watertown, Chamberlain, Sioux Falls and Mitchell were entered. The reports received up to this morning indicated a vote for Pierre of 33,000, Huron 21,000, Sioux Falls 11,000, Watertown 10,000, Mitchell 7,000 and Chamberlain 5,000. The election was very quiet, and so far as yet reported no frauds were at all suspected, and no fights permitted. Huron has not yet given up the fight, but this morning still claims to have secured the Capital, as also does Sioux Falls. The fate of Prohibition hangs in the balance. On a square fight it would probably have carried, but today on this question were recklessly traded on the Capital location and the vote, whatever it is, will not fairly represent the sentiments of the people of South Dakota.

TACOMA, W. T., Oct. 2.—The count in Pierce and King counties, the two most populous counties, will not be determined until late to-day. A slight technical error in the form of the Republican tickets in both of these counties has raised the question of legality, and the Democrats are making objections. The error consists in leaving off the line "Against the Constitution" which is with the other special features directed by the Constitution.

OLYMPIA, W. T., Oct. 2.—Returns received at the headquarters of the Republican State Central Committee indicate that the constitution has been adopted by a very heavy majority. It is certain also that the Republicans have elected their State ticket, Representatives in Congress and a large majority of the members of the Legislature. Olympia is in the lead for the Capital. So far as heard from the vote against woman suffrage is 2 or 3 to 1.

ROCKFORD, WASH. T., Oct. 2.—Women tried to vote here yesterday, but were refused the privilege.

HELENA, MONT., Oct. 2.—It is still impossible to definitely determine the result of yesterday's election in Montana. Both State Committees are claiming the State, but the general indications would seem to favor the Democratic claims. Governor Hauser and other prominent Democrats say they are sure of the success of their candidates for Governor and Congress, and that they will also have a majority of the Legislature. The Chairman of the Republican Committee says the Republicans will control both branches of the Legislature, and that Carter is elected to Congress.

DEMOCRATIC CONVENTION IN MASS.

By Telegram to The Freeman.

WORCESTER, MASS., Oct. 2.—The Democratic State Convention met to-day in Mechanics Hall with a full representation of delegates. Nathan Matthews, Jr., was elected Chairman. Mr. Matthews is a young Boston lawyer and a member of the Young Men's Democratic Club of that City. He made a free state speech, which was enthusiastically received. The platform of the party was then read.

GEORGE W. CURTIS.

By Telegram to The Freeman.

PHILADELPHIA, PA., Oct. 2.—The National Civil Service Reform League to-day re-elected George William Curtis President.

A Western Tragedy.

By Telegram to The Freeman.

OGEMA, WIS., Oct. 2.—Charles Stevenson and William Johns were found dead in their beds here yesterday. Appearances indicate that Stevenson, in whose right hand a revolver was found, first shot Johns and then killed himself. The cause of the tragedy is unknown.

Death Record.

The Hon. David C. Beattie, for 10 years County Judge of Schenectady County, died at Schenectady at an early hour this morning from a complication of brain fever and pneumonia. Judge Beattie had been a prominent lawyer and a leading Democrat for nearly 30 years.

Decision by Railroad Commissioners.

By Telegram to The Freeman.

ALBANY, N. Y., Oct. 1.—The State Board of Railroad Commissioners have just rendered a decision in favor of the Third-Avenue Railroad Company, of New York City, changing its motor power from horse to what is known as "The Duplicate Cable System."

Presidential Postmasters Appointed.

By Telegram to The Freeman.

WASHINGTON, Oct. 2.—The President has appointed Charles C. Brooks Postmaster at Waverly, N. Y., vice A. A. Slawson, resigned. The President has also appointed James McCauley Postmaster at Milford, Pa., vice Crawford, resigned.

A Church Convention.

By Telegram to The Freeman.

NEW-YORK, Oct. 2.—The General Convention of the Protestant Episcopal Church of America, held every three years, met here to-day.

The International Congress.

By Telegram to The Freeman.

WASHINGTON, Oct. 2.—The delegates to the International American Congress assembled at the State Department this morning.

SPORTS OF THE DAY PARAGRAPHED.

Items of Interest in Relation to Base Ball and Other Matters.

Result of yesterday's ball games: National League—At Pittsburgh—Pittsburg 7, New York 2. At Cleveland—Boston 8, Cleveland 5. At Indianapolis, Philadelphia 7, Indianapolis 4. At Chicago—Washington 7, Chicago 2. American Association—At St. Louis—St. Louis 7, Louisville 4. At Philadelphia—Philadelphia 6, Baltimore 3.

The Boston triumphs did not buy the whole Omaha Club, but they did buy the releases of Nichols and Nagle, the crack Omaha battery, and also of Conway, who formerly pitched for the Kansas City Club.

Clarkson has been promised \$1,000 extra if the Bostonians win the pennant. The little pitcher is doing his best to win the dollars.

The Metropolitans beat the Cuban Giants at the Polo Grounds yesterday by a score of 5 to 4.

In exhibition game yesterday the Brooklyn team beat the Newarks by a score of 5 to 2.

Once more the Bostonians are in the lead. Will they be able to keep there?

Edward Corrigan, of Chicago, yesterday bought of James B. Clay, of Lexington, Ky., the bay yearling colt by Longfellow, dam, Insignia, Waverly, \$3,000.

John Kelly will manage the batting and J. B. Ferguson will do the starting at the coming Jerome Park meeting.

The Jerome Park races commenced to-day.

The race between the keel sloop yachts Shona and Kathleen yesterday was won by the latter. The course was 25 miles.

The winner's time was four hours, 32 minutes, 23 seconds. The wind was fickle.

For the Housewife.

Corn Pie.—Four ears of cold, boiled corn, two eggs, one tablespoonful of butter, one of milk, one cup of milk, half a cup of oil of salt, a little pepper. Cut the corn from the cobs. Mix the milk gradually with the flour. Beat the yolks and whites of the eggs separately, and add them and the other ingredients to the flour and milk. The batter should be melted. Bake 20 minutes in two deep pie plates. This is an excellent dish for breakfast.

Preserved Apples.—Pare and core 12 large apples; cut each into eighths, make a sirup of one pound of sugar and one-half a pint of water, and boil; put in as much apple as can be cooked without breaking; remove them as they are cooked, and add as you add to the liquid one cup of sugar and boil 10 minutes slowly; flavor with lemon and pour over the apples, or grate nutmeg on them instead.

Corn Oysters.—Grate young, sweet corn, and to a pint add one egg well beaten, a small quantity of flour, half a pint of milk, and a teaspoonful of salt; mix well together. Have ready a pot of boiling fat, and drop the batter into it by spoonfuls about the size of an oyster. As soon as they are a nice brown remove them from the fat and put them in the oven on a piece of brown paper.

Grape Marmalade.—Wash grapes. Separate stems and stalks; put the grapes and cook the pulp until the seeds separate, strain it, and to four quarts of pulp add two quarts of sugar; measure after cooking, the strained pulp of three good lemons and nine pounds of sugar; let it get hot before the sugar is added, and cook for half an hour after it begins to boil.

A Sad Case.

By Telegram to The Freeman.

SPRINGFIELD, Oct. 2.—Monday night hunters in the vicinity of Palmyra, Mass., claim that this root is better than the carrot as a butter producing food. It is frequently said that large quantities of parsnips are grown on the island of Jersey. Have any of our American dairymen ever grown the root on a large scale?

The sterility of many soils is due more to their mechanical condition, their texture and relations to heat and moisture, than to lack of plant food. Such soils want amendment first and manures afterwards. Some soils will give good returns for manuring; others, without irrigation or amendment by draining, tillage, the use of lime, marl or muck, etc., will not.

A fruit-grower reports that, having an orchard of young trees badly infested with bark lice, he made a solution of soda—half a pound to a gallon of water—and applied it with a whitewash brush. In a week the bark lice were all dead and washed off. The trees grew two feet a year afterward, and remained very healthy.

In Tign County, N. Y., Hungarian grass is largely grown as a summer food for cows and a supplementary hay crop. It is considered more succulent than millet, and cows will eat it with relish. It is better for producing milk than timothy hay, as cows will increase in milk on going from timothy to Hungarian hay.

Never whip a horse when it is frightened or nervous, or try to force it up to the object which has caused the alarm.

To attempt to improve scrub stock by selecting and breeding is poor economy.

Chat About the Fashions.

The velvet brocades for dresses are beautiful in the extreme, and the variety is greater than ever seen before. Many of the best are only intended to be used for the front breadth; some only for trains. One of the most beautiful materials for evening dresses has been introduced in some light tone—Nil, for example. On this are stripes of velvet and lace in darker tints, laid on a white frise-like fringe; the flowers, small and in satin brocade, are pink, and this is repeated in other colors. A sage-green mottled ground, with a darker tone of brocade upon it, makes a magnificent gown.

There are several rich materials with satin grounds and plain narrow velvet stripes, and the floral design in frise of a lighter shade than the velvet stripes. Then again, bold velvet patterns are thrown on armure grounds, and in others the velvet leaves are in a darker tone, outlined with pink matching a tiny tulle pattern of jessamine in the same pure pink.

Destructive Prairie Fires.

By Telegram to The Freeman.

BISMARCK, N. D., Oct. 2.—Destructive fires have been raging in McLean County, 60 miles north of here, during the past two days. The flames were driven by the wind at a speed of 60 miles an hour. The town of Washburn had a narrow escape. The flames reaching within the limits. The citizens turned out en masse, men, women and children fighting with desperation and heroism. The flames extended for miles on either side of the town and the prairie as far as the eye can reach is black and desolate. Many farmers lost all they had, but there will be no suffering as the people of the valley will give them all necessary assistance.

A Military Court in Session.

By Telegram to The Freeman.

ST. LOUIS, Oct. 2.—A military court of inquiry convened at Jefferson barracks yesterday to investigate the charges of bad treatment of Army recruits. Three witnesses were examined in secret session.

[Other telegraph on page 3.]

THE STATE W. C. T. UNION.

Fifty-eight Counties are Organized for Work.

END OF FAULKNER TRIAL.

The Jurors will Begin Their Deliberations this Evening.

CONCERNING RECRUITS.

STATE W. C. T. UNION CONVENTION.

Some Interesting Statistics in Reference to the Work Done to-day.

By Telegram to The Freeman.

AUBURN, N. Y., Oct. 2.—This morning's session of the Women's Christian Temperance Union State Convention opened with devotional exercises, followed by a report on "Woman's Temperance Work" by Mrs. Viole. Reports of departments of work by different Superintendents were then submitted. The annual report of Mrs. Boole, State Corresponding Secretary, of Staten Island, showed that the number of counties in the State fully organized for work was 58, comprising 728 Unions with 18,830 members. Of Young Women's Unions there were 91 with a membership of 1,823. There were also 440 Loyal Temperance Legions with 23,769 members, and the number of children pledged was 22,995. There had been 806,189 pages of literature distributed and 955 petitions circulated. The number of members voting on school questions was 1,429.

FAULKNER TRIAL NEARLY ENDED.

Hon. George Raines, of Rochester, Summed Up for Defendant This Forenoon.

By Telegram to The Freeman.

BUFFALO, Oct. 2.—In the Faulkner trial this morning Hon. George Raines, of Rochester, began his brilliant summing up address to the jury. He reviewed every point brought out upon the long trial with great force of argument, claiming that James was the sole and only cause for wrecking the bank, while Lester B. Faulkner was innocent of wrongdoing at any time in the history of the bank. He insisted that the bank was instrumental in wrecking the bank his love for the grand old pioneer name of Faulkner had led him to render his utmost assistance to the bank and assist his perjured brother James in every turn of the law. This afternoon Hon. D. N. Lockwood will sum up the case for the prosecution, and the jury will take the matter under deliberation this evening.

The Farm and Garden.

A flagstone floor with cemented joints is best for the dairy. Wooden floors are apt to rot and brick floors absorb the spilled milk, soon becoming very offensive. If bricks are used the floor should be kept painted with the time, and even with this extra trouble it is not so good as flagstone and cement. The flagstone underground is always easily kept cool, as a dairy floor should be.

"Many dairy authorities," says the *Rural New Yorker*, "advise the growing of parsnips in the fall for better cows. Many claim that this root is better than the carrot as a butter producing food. It is frequently said that large quantities of parsnips are grown on the island of Jersey. Have any of our American dairymen ever grown the root on a large scale?"

The sterility of many soils is due more to their mechanical condition, their texture and relations to heat and moisture, than to lack of plant food. Such soils want amendment first and manures afterwards. NOTES ON NEWS OF THE DAY.

CORNELIUS R. SHAFER is the Republican nominee for Assembly in the first Saratoga district. Samuel R. Mott has received the Republican nomination for Assembly in Madison county.

GEN. JAMES C. ROGERS of Sandy Hill was yesterday nominated by acclamation as the Republican candidate for State Senator in the sixteenth district, composed of Rensselaer and Washington counties. This district elected a Democratic Senator two years ago, but gave Harrison 4,048 majority last fall, and a Republican majority of 3,992 for Congress. Gen. Rogers' nomination means a Republican gain.

THE United States Senate, when it meets in December, will contain 84 members, representing forty-two states. Of these 47 will be Republicans and 37 Democrats. In the house there will be 339 members. For organization there will be 169 Republicans and 161 Democratic votes. There will be a considerable enlargement of the Republican majority later, resulting from the settlement of seventeen contested elections.

MANY of the leading Democrats of the state were conspicuous by their absence from the convention yesterday. They had been forced out by Gov. Hill to make room for the representatives of the liquor trade. These were out in full force, and the hall was redolent of whisky and beer. Our Democratic statesman of to-day carries a bearded eye, cheeks of leather, "hair on his teeth" and a lecherous grin. Of this sort are our rulers in the Empire state.

NORTH DAKOTA voted the Republican ticket yesterday by 8,000 to 10,000. The Republican majority in South Dakota is between 5,000 and 10,000. In Washington there has been a complete Republican sweep. Montana Democrats claim the Governor in that state, but the Legislature and the Representative in Congress will undoubtedly be Republican. The net result of yesterday's elections is the addition of eight Republicans to the Senate and five to the House.

ON Gov. Hill's new state committee there are only eight Cleveland Democrats left. The original arrangement was to leave nine, but yesterday it was found that the place of Cord Meyer of the first district was needed, and he was also sent to the rear. Patrick Gleason, Mayor of Long Island City, was substituted for him. The nomination of Frank Rice for Secretary of State gave Mr. Hill an opportunity to put John Campbell in his place. The Cleveland men are carrying razors in their boots.

LIEUT. GOV. JONES pictured Gov. Hill yesterday as a gallant knight, riding at the head of a procession, and bearing a banner aloft in his hand. Gov. Hill's only public appearance on horseback was in the centennial procession last spring, when his horse had to be led by two orderlies, and he repeatedly dropped the reins in trying to return a salute. Since that time no Democrat has ventured to think of our Governor trying to pose at the head of the militia of the state as its Commander-in-chief. Jones is audacious and cruel.

BOYER and Bigler of Pennsylvania stopped at Tyrone for the night last Sunday evening, and it is ascertained that they occupied the only bed in the only vacant room of the only hotel of that town. Boyer is the Republican and Bigler the Democratic candidate for State Treasurer. They passed the night so agreeably that the next morning they started out together for a joint canvass. Again we note the remark that "politics make strange bed-fellows." But it is only at a Democratic state convention that harmony can be maintained with three in a bed.

DENIS O'BRIEN was the direct choice of the Whisky men. They demanded his nomination and promised liberal support to the ticket in that event. If Mr. O'Brien is elected the Court of Appeals will contain five Democrats and two Republicans. This will give whisky a reliable majority on every question affecting its interests. A great many Democrats, even including some who are prepared to swallow the disgraced Wemple and Tabor, will draw the line at O'Brien. They do not want both a Whisky Governor and a Whisky Court of Appeals.

THE decrease of the public debt, "less cash in the Treasury," was \$13,685,094 during September. The interest bearing debt and the debt on which interest has ceased since maturity, including interest due thereon, fell from \$883,638,808 to \$874,552,656, a decrease of \$9,101,212. This is the real debt as explained by Secretary Windom, and the decrease indicates the amount that has been paid upon the government's obligations. The debt bearing no interest, which includes government currency, gold and silver certificates etc., increased from \$762,172,294 to \$762,223,313. The cash and cash items in the Treasury rose from \$662,055,537 to \$666,720,338. The surplus cash on hand is \$46,544,429, an increase of not quite \$3,000,000 during the month. The total debt, less cash in the Treasury, and including all sorts of circulating medium, is \$1,070,005,531. This is \$195,500,000 in excess of the real debt.

HILL is bringing back the regime of Tweed as rapidly as possible. His defiance of all decency in the renomination of Wemple and Tabor recalls Tweed's challenge to the public. "What are you going to do about it?" The question is one which needs to be considered in this campaign. The opportunity is now at hand to remit this cabal of infamous politicians to private life. If the duty is delayed the courts will take it up before two more years have passed by. The Democratic party re-elected Tweed to the Senate after he had been indicted, but he dared not show himself in Albany. Wemple and Tabor are under moral indictment before the people. Is the re-election of Tweed to be enacted in their cases, in spite of the taint involved? Must the honest people be forced to go to the courts again, before they can shake of this incubus of misrule and ever-growing scandal and shame?

Is the great state of New York able to elect honest men to office or not? This is the paramount issue in the present campaign.

REPUBLICAN VICTORIES.

Result of Elections in Four New Western States Yesterday.

GENERAL SPORTING NEWS.

Notes of the Turf, The Diamond And Other Pastimes.

GENERAL TELEGRAPH NEWS

RESULTS OF ELECTIONS IN FAR WEST. Republicans Successful in North and South Dakota and Washington.

By Telegram to The Freeman.

PANCO, N. D., Oct. 2.—Throughout the State the total vote is not so heavy as was expected. Many people have moved away from Panco, Edlis and Nelson counties owing to the failure of the crops. The Legislature is strongly Republican. The Democrats elect Senators in the First, Second, Third, Twelfth, Sixteenth, Eighteenth, Nineteenth, Twentieth, Twenty-fifth, Twenty-seventh and Twenty-eighth Districts. The Republicans get 20, with the Twenty-third District in doubt. The Republicans also get 36 members of the Assembly. The Democrats get 18. There are five districts in doubt. Hansbrough, Republican, is elected to Congress by about 12,000 majority. The contest over the Judgeship is close. A Republican headquarters the entire State ticket is claimed by from 10,000 to 12,000.

ABERDEEN, Dak., Oct. 2.—During the election yesterday the Sunday School children here marched in procession to influence the vote on the Prohibition amendment. PIERRE, S. D., Oct. 2.—South Dakota's first State election descended to a degrading scramble for Capital location. There has been no fight on anything else. Moore is elected Governor by over 20,000 majority. Pickler and Gifford go to Congress. The Republican majority in the Legislature will be at least 60, securing the election of two Republican United States Senators. The vote was enormous—probably 80,000—and the trade and sale of ballots was based on the Capital fight. For the Capital, Pierre, Huron, Watertown, Chamberlain, Sioux Falls and Mitchell were entered. The reports received up to this morning indicated a vote for Pierre of 23,000, Huron 21,000, Sioux Falls 11,000, Watertown 10,000, Mitchell 7,000 and Chamberlain 5,000. The election was very quiet, and so far as yet reported no frauds were attempted and no fights permitted. Huron has not yet given up the fight, but this morning she claims to have secured the Capital, as also does Sioux Falls. The fate of Prohibition hangs in the balance. On a square fight it would probably have carried, but votes on this question were recklessly traded on the Capital location and the vote, where it is with fair representation, the sentiments of the people of South Dakota.

TACOMA, W. T., Oct. 2.—The count in Pierce and King counties, the two most populous counties, will not be determined until late to-day. A slight technical error in the form of the Republican tickets in both of these counties has raised the question of legality, and the Democrats are making objections. The error consists in leaving off the line "Against the Constitution" which is with the other special features directed by the Constitution. OLYMPIA, W. T., Oct. 2.—Returns received at the headquarters of the Republican State Central Committee indicate that the Constitution has been adopted by a very heavy majority. It is certain also that the Republicans have elected their State ticket. Representatives in Congress and a large majority of the members of the Legislature. Olympia is in the lead for the Capital. So far as heard from the vote against woman suffrage is 2 or 3 to 1.

ROCKFORD, Wash. T., Oct. 2.—Women tried to vote yesterday, but were refused the privilege. HELENA, Mont., Oct. 2.—It is still impossible to definitely determine the result of yesterday's election in Montana. Both State Committees are claiming the State, but the general indications would seem to favor the Democratic claims. Governor Hauser and other prominent Democrats say they are sure of the success of their candidates for Governor and Congress, and that they will also have a majority of the Legislature. The Chairman of the Republican Committee says the Republicans will control both branches of the Legislature, and that Carter is elected to Congress.

DEMOCRATIC CONVENTION IN MASS. By Telegram to The Freeman. WORCESTER, Mass., Oct. 2.—The Democratic State Convention met this morning in Mechanics Hall with a full representation of delegates. Nathan Matthews, Jr., was elected Chairman. Mr. Matthews is a young Boston lawyer and a member of the Young Men's Democratic Club of that City. He made a free trade speech, which was enthusiastically received. The platform of the party was then read.

GEORGE W. CURTIS. By Telegram to The Freeman. PHILADELPHIA, Pa., Oct. 2.—The National Civil Service Reform League today re-elected George William Curtis President.

A Western Tragedy. By Telegram to The Freeman. OGDEN, Wis., Oct. 2.—Charles Stevenson and William Johns were found dead in their beds here yesterday. Appearances indicate that Stevenson, in whose right hand a revolver was found, first shot Johns and then killed himself. The cause of the tragedy is unknown.

Death Record. The Hon. David C. Beattie, for 10 years County Judge of Schenectady County, died at Schenectady at an early hour this morning from a complication of brain fever and pneumonia. Judge Beattie had been a prominent lawyer and a leading Democrat for nearly 30 years.

Decision by Railroad Commissioners. By Telegram to The Freeman. ALBANY, N. Y., Oct. 1.—The State Board of Railroad Commissioners have just rendered a decision in favor of the Third Avenue Railroad Company, of New York City, changing its motor power from horse to what is known as "The Duplicate Cable System."

Presidential Postmasters Appointed. By Telegram to The Freeman. WASHINGTON, Oct. 2.—The President has appointed Charles C. Brooks Postmaster at Waverly, N. Y., vice A. A. Slawson, resigned. The President has also appointed James McCauley Postmaster at Milltown, Pa., vice Crawford, resigned.

A Church Convention. By Telegram to The Freeman. NEW-YORK, Oct. 2.—The General Convention of the Protestant Episcopal Church of America, held every three years, met here to-day.

The International Congress. By Telegram to The Freeman. WASHINGTON, Oct. 2.—The delegates to the International American Congress assembled at the State Department this morning.

SPORTS OF THE DAY PARAPHRASED.

Items of Interest in Relation to Base Ball and Other Matters.

Result of yesterday's ball games: National League—At Pittsburgh—Pittsburg 7, New-York 2. At Cleveland—Boston 8, Cleveland 5. At Indianapolis, Philadelphia 7, Indianapolis 4. At Chicago—Washington 7, Chicago 2. American Association—At St. Louis—St. Louis 7, Louisville 4. At Philadelphia—Athletic 6, Baltimore 4.

The Boston triumphs did not buy the whole Omaha Club, but they did buy the releases of Nichols and Nagle, the crack Omaha battery, and also of Conway, a formerly pitched for the Kansas City Club. Clarkson has been promised \$1,000 extra if the Bostonians win the pennant. The little pitcher is doing his best to win the dollars.

The Metropolitans beat the Cuban Giants at the Polo Grounds yesterday by a score of 5 to 4.

In an exhibition game yesterday the Brooklyn team beat the Newark by a score of 5 to 2.

Once more the Bostonians are in the lead. Will they be able to keep there? Edward Corrigan, of Chicago, yesterday bought of James B. Clay, of Lexington, Ky., the bay yearling colt by Longfellow, dam, Instinct, a yearling, for \$2,000.

John Kelly will manage the betting and J. B. Ferguson will do the starting at the coming Jerome Park races commenced to-day.

The race between the keel sloop yachts Shona and Kathleen yesterday was won by the latter. The course was about 25 miles. The winner's time was four hours, 32 minutes, 22 seconds. The wind was fickle.

For the Housewife. Corn Pie.—Four ears of cold, boiled corn, two eggs, one tablespoonful of butter, one of oil, half a cup of milk, half a teaspoonful of salt, a little pepper, fat, and corn from the cobs. Mix the milk gradually with the flour. Beat the yolks and whites of the eggs separately, and add them and the other ingredients to the flour and milk. The batter should be melted. Bake 20 minutes in two deep pie plates. This is an excellent dish for breakfast.

Preserved Apples.—Pare and core 12 large apples; cut each into eighths; make a syrup of one pound of sugar and one-half a pint of water, and boil; put in as much apple as can be cooked without breaking; remove them carefully when tender; after all are done add a little more of sugar and boil 10 minutes slowly; flavor with lemon and pour over the apples, or grate nutmeg on them instead.

Corn Oysters.—Grate young, sweet corn, and to a pint add one egg well beaten, a small teaspoonful of flour, half a gill of cream or milk and a teaspoonful of salt; mix well, and add a cup of boiling fat, and drop the batter into it by spoonfuls about the size of an oyster. As soon as they are a nice brown remove them from the fat and put them in the oven on a piece of brown paper.

Grape Marmalade.—Amber Color. Separate the skins and pulps of the grapes and put them in a boiler, and strain it, and to four quarts of pulp add two quarts of sugar; measure after cooking, the grated rind of three good lemons and nine pounds of sugar; let it get hot before the sugar is put in, and cook for half an hour after it begins to boil.

A Sad Case.

By Telegram to The Freeman. SPRINGFIELD, Oct. 2.—Monday night hunters in the vicinity of Patchen came upon a family, comprising a husband, wife and seven children, camped in the woods. The family had been traveling, but several weeks ago their money gave out, sickness attacked the father, and too proud to beg, they lived in the woods, subsisting on sour milk and potatoes. Their clothes had become so ragged that they could not protect them from the cold, and to four quarts of pulp add two quarts of sugar; measure after cooking, the grated rind of three good lemons and nine pounds of sugar; let it get hot before the sugar is put in, and cook for half an hour after it begins to boil.

The Work of Thieves.

By Telegram to The Freeman. SIOUX CITY, Ia., Oct. 2.—Last evening two men entered the jewelry store of William Hiles and while one was examining a pair of spectacles the other was busy with a tray containing \$2,500 worth of diamonds. The thieves escaped.

Adjudged Insane.

By Telegram to The Freeman. CINCINNATI, Oct. 2.—Benjamin C. Jones, only son of the millionaire street railway magnate J. Russell Jones, has been adjudged insane, and committed to the State Asylum at Kankakee.

M. E. Conference at Lockport.

By Telegram to The Freeman. LOCKPORT, N. Y., Oct. 2.—The Genesee Annual Conference of the M. E. Church met in its eightieth session to-day in this City.

THE STOCK AND MONEY MARKET.

Financial Doings on Wall-Street To-Day—The Closing Quotations.

By Telegram to The Freeman. NEW-YORK, Oct. 2.—The stock market opened this morning with a moderate volume of business, and following the example of London first prices were higher than last night, the advances extending from 1/2 to 3/4 per cent. The market was narrow, however, and atchison, St. Paul, Louisville & Nashville, Reading and Sugar Trust, monopolized the greater part of the business. Further advances were scored in the early dealings which in most of the list amounted to 1/2 to 1 per cent., while Atchison rose 1 per cent. to 34 and sugar 3/4. The engagement of another large mill for gold for the year, however, checked the buying and prices settled away until everything was something under the opening figures. At 11 o'clock the market was dull and fairly steady. Money is still stringent.

The closing quotations: U. S. 4's (registered), 127. Minn. & St. Louis, 127. U. S. 4's (unregistered), 127. Minn. & St. Louis, 127. U. S. 4's (coupons), 105 1/2. Morris & Essex, 105 1/2. U. S. 4's (coupons), 105 1/2. Morris & Essex, 105 1/2. U. S. 4's (coupons), 105 1/2. Morris & Essex, 105 1/2.

By Telegram to The Freeman. ALBANY, N. Y., Oct. 1.—The State Board of Railroad Commissioners have just rendered a decision in favor of the Third Avenue Railroad Company, of New York City, changing its motor power from horse to what is known as "The Duplicate Cable System."

Presidential Postmasters Appointed. By Telegram to The Freeman. WASHINGTON, Oct. 2.—The President has appointed Charles C. Brooks Postmaster at Waverly, N. Y., vice A. A. Slawson, resigned. The President has also appointed James McCauley Postmaster at Milltown, Pa., vice Crawford, resigned.

A Church Convention. By Telegram to The Freeman. NEW-YORK, Oct. 2.—The General Convention of the Protestant Episcopal Church of America, held every three years, met here to-day.

The International Congress. By Telegram to The Freeman. WASHINGTON, Oct. 2.—The delegates to the International American Congress assembled at the State Department this morning.

By Telegram to The Freeman. WASHINGTON, Oct. 2.—The delegates to the International American Congress assembled at the State Department this morning.

THE STATE W. C. T. UNION.

Fifty-eight Counties are Organized for Work.

END OF FAULKNER TRIAL.

The Jurors will Begin Their Deliberations this Evening.

CONCERNING RECRUITS.

STATE W. C. T. UNION CONVENTION. Some Interesting Statistics in Reference to the Work Done To-day.

By Telegram to The Freeman.

ALBANY, N. Y., Oct. 2.—This morning's session of the Women's Christian Temperance Union State Convention opened with devotional exercises, followed by a report on "Woman's Temperance Work" by Mrs. Viele. Reports of departments of work by different Superintendents were then submitted. The annual report of Mrs. Boole, State Corresponding Secretary, of Staten Island, showed that the number of counties in the State fully organized for work was 58, comprising 728 Unions with 18,830 members. Of Young Women's Unions there were 91 with a membership of 1,823. There were also 440 Loyal Temperance Legions with 22,769 members, and the number of children pledged was 22,995. There had been 806,199 pages of literature distributed and 955 petitions circulated. The number of members voting on school questions was 1,459.

FAULKNER TRIAL NEARLY ENDED.

Hon. George Raines, of Rochester, Summed Up for Defendant's Cause.

By Telegram to The Freeman.

BUFFALO, Oct. 2.—In the Faulkner trial this morning Hon. George Raines, of Rochester, began his brilliant summing up address to the jury. He reviewed every point brought out upon the long trial with great force of argument, claiming that James was the sole and only cause for wrecking the bank, while Lester B. Faulkner was innocent of wrongdoing at any time in the history of the bank. He argued that instead of being instrumental in wrecking the bank his love for the grand old pioneer name of Faulkner had led him to render his utmost assistance to aid the bank and assist his persecuted brother James in every turn of life. This afternoon Hon. D. N. Lockwood will sum up the case for the prosecution, and the jury will take the matter under deliberation this evening.

The Farm and Garden.

A flag-stone floor with cemented joints is best for the dairy. Wooden floors are apt to rot and brick floors absorb the spilled milk, soon becoming very offensive. If bricks are used the floor should be kept painted all the time, and even with this extra trouble it is not so good as flag-stone and cement. The flag-stone undergrout is always easily kept cool, as a dairy floor should be.

"Many dairy authorities," says the *Rural New-Yorker*, "advise the growing of parsnips as a food for butter cows. Many claim that this root is better than the carrot as a butter producing food. It is frequently said that large quantities of parsnips are grown on the Island of Jersey. Have any of our American dairymen ever grown the root on a large scale?"

The sterility of many soils is due more to their mechanical condition, their texture and relation to heat and moisture, than to lack of plant food. Such soils want amendment first and manures afterwards. Some soils will give good returns for manuring; others, without irrigation or amendment by draining, tillage, the use of lime, marl or muck, etc., will not.

A fruit-grower reports that, having an orchard of young trees, badly infested with bark lice, he made a solution of sal soda—half a pound to a gallon of water—and applied it with a whitewash brush. In a week's time the pests were all dead and washed off. The trees grow two feet a year afterward, and remained very healthy.

In Tioga County, N. Y., Hungarian grass has been grown as a substitute for cows and a supplementary hay crop. It is considered more succulent than millet, and cows eat it with a relish. It is considered better for producing milk than timothy hay, as cows will increase in milk on going from timothy to Hungarian hay.

Never whip a horse when it is frightened or nervous, or try to force it up to the object which has caused the alarm.

To attempt to improve scrub stock by selecting and breeding is poor economy.

Chat About the Fashions.

The velvet brocades for dresses are beautiful in the extreme, and the variety is greater than ever seen before. Many of the best are only intended to be used for the front bodice; some only for trains. One of the most beautiful materials for evening dress has a satin ground in some light tone—Nil, for example. On this are stripes of velvet and fringe in darker tints, laid on a white fringe-like lace, the flowers, small and in satin brocade, are pink, and this is repeated in other colors. A sage-green matelasse ground, with a darker tone of brocade upon it, makes a magnificent gown.

There are several rich materials with satin grounds and plain narrow velvet stripes, and the floral design in fringe of a lighter shade than the velvet stripes. Then, again, bold velvet patterns are thrown on armoire grounds in one pure tone. Large fringe velvet patterns have been produced in brown and gold on green, in terra cotta and gold on black, and in bottle-green and fawn on brown, and many other varieties. Still, there are few more lovely than the bold Venetian brocades in fringe and velvet on a satin ground, all of one tone. A tender electric-blue shows off this style to perfection.

Large detached Marguerites in fringe, veined with velvet and attached to velvet leaves thrown on satin, are all good, and another much to be praised has a satin ground, in a darker tone, outlined with plaid matching a tiny trailing pattern of jessamine in the same pure pink.

Destructive Prairie Fires.

By Telegram to The Freeman.

BISMARCK, N. D., Oct. 2.—Destructive fires have been raging in McLean County, 50 miles north of here, during the past two days. The flames were driven by the wind at a speed of 60 miles an hour. The town of Washburn had a narrow escape. The flames reaching within the limits. The citizens turned out en masse, men, women and children fighting with desperation and heroism. The flames extended for miles on either side of the town and the prairie as far as the eye can reach is black and desolate. Many farmers lost all they had, but there will be no suffering as the people of the valley will give them all necessary assistance.

A Military Court in Session.

By Telegram to The Freeman.

ST. LOUIS, Oct. 2.—A military court of inquiry convened at Jefferson barracks yesterday to investigate the charges of bad treatment of Army recruits. Three witnesses were examined in secret session.

IN AND ABOUT THIS CITY.

BITS OF NEWS, STORIES AND SOME HUMOR AND GOSSIP.

An incident in reference to Harte's "Strength and 'Know How'—Two Wagons Collide—Prisoners in Jail—Heavy Shipments of Coal Being Made Up the U. & D. Railroad.

"Strength-testing machines" can be seen in business places in a number of localities in this city. A night or two ago several men stood around one of these machines. A powerfully-built farmer grasped the handles. The dial pointer ran up to 550. A "champion," who stood near by, took hold and lifted 475 pounds. At this there was a laugh, and a demand was made for any one in the room to beat the record. An under-sized man, somewhat slimy built, weighing perhaps 120 pounds, had been a silent spectator. He was invited to try his strength. "Of course," said one spectator, "we do not expect you to lift as much as the other men, but give it a trial." After some persuasion the little man stepped to the machine, gave an easy pull, and to the surprise of all, the needle ran up to 300, then to 350, 375, 400, 500, and finally stopped at 520. He held the pointer there a moment so that every one could see the figures. There was a dead silence for a second or two. Then the broad-shouldered countryman said: "My friend, have you been taken a dose of the Brown Squard elixir? There is a 'knack' in 'knowing how to lift'."

A meeting of the members of the Senate House Association was held last night. William Lounsbury was elected Chairman and F. A. Westbrook Secretary. The following were elected Trustees: James G. Lindsey, F. A. Westbrook, Charles Burhans, William Lounsbury and John E. Kraft, to serve three years; Thomas Cornell, S. D. Covelkand, John Bray, A. T. Clearwater, McD. Van Wagoner, to serve two years; Charles Merritt, A. B. Parker, C. D. Roosa, James A. Betts and H. D. Darrow, to serve one year. The officers elected were: William Lounsbury, President; Thomas Cornell, First Vice-President; James G. Lindsey, Second Vice-President; Charles Burhans, Treasurer; H. D. Darrow, Secretary. House Committee, Messrs. A. T. Clearwater, A. B. Parker, J. E. Kraft, John Bray and James A. Betts. The Association adjourned to meet October 14.

People who bet on horse races are always looking for "pointers." Some time ago a resident of this city was at the Monmouth Park races. The horse "Savator" was a favorite. Among the other nags fleet of limb was a little brown horse, which took the fancy of the Kingstonian. He said to a companion: "If I were a betting man I would bet on that little brown horse, for I like the way he trots it." "What you say?" asked a little French woman sitting near by. The Kingstonian repeated his statement. "I buys dat horse," said the woman. She bought a pool for \$5. The brown horse won, and she drew \$35.

Drivers on the Kingston City-Horse Railroad never tire in telling of the exploits of "Old Butcher," the most intelligent horse owned by the company. It is said of "Old Butcher" that one day the driver got off the car without the animal's knowledge, and it proceeded along the route. Twice the bell was rung, and "Old Butcher" stopped until the passengers alighted. When it reached the turn-table it pulled the car around "all by itself."

The following meetings are announced: M. H. Horeb, Chapter, No. 75, R. A. M., this evening. First regular rehearsal of Kingston Philharmonic Society this evening. United German Lodge, No. 303, I. O. O. F., this evening. Local Branch of State Charities Aid Association; reception at Downtown Y. M. C. A. rooms; board of Alms Commissioners; all three on Friday evening. Evangelical Alliance, second Monday in October.

It is alleged that a number of school houses are poorly ventilated. An old school teacher says: "Ventilate the school houses! It will result in brighter and healthier children. They will learn faster and grow larger, and the teachers who live in the same atmosphere with them will be improved physically and otherwise, as well as the children. Some throats will disappear and sick headaches will be the exception—not the rule."

The fair in aid of the Uptown Young Men's Christian Association which was opened on Tuesday afternoon is a success. The fair will continue this evening. The rooms of the Association are so centrally located, and the object so worthy, almost every one "goes in." At the various booths tables are loaded with articles of every description.

At about 4 o'clock this afternoon William D. Cashin and Miss Margaret Heffren were married in St. Mary's Catholic Church by the Rev. Rev. P. Prendergast. Michael O'Donnell, of Malden, acted as groomsmen and Miss Mary Flannery, of New York, as bridesmaid.

Building operations near Ulster Academy will soon sweep away the detested barbed wire fences on which "children" have torn their clothing frequently. One day last week a little girl was quite severely injured by coming in contact with the wire.

John Chance and Joseph Augusti have been committed to jail, to await the action of the Grand Jury, by Justice of the Peace Henry McNamee, of Eddyville, charged with having broken into an ice house and stolen a number of tools.

There are few chestnut trees within a mile or two of this city that have not been denuded of their burs. Some of them appear as though they had been struck by a cyclone.

Last evening two wagons came in collision on Hasbrouck-avenue. Two wheels on one of the vehicles were demolished. One of the drivers narrowly escaped serious injury.

The horse, "Star of Ulster," owned by William Easman, of Napanoch, has been entered in the Goshen races and is now in training on the grounds.

Yesterday afternoon before the rain began falling a cloud of inky blackness was apparently sent soaring for an instant by a zig-zag flash of lightning.

Myron S. Allen and George Ertel played ball with the Port Jervis Club to-day and will play with the same team again to-morrow and Friday.

Heavy consignments of coal are being shipped from this city to localities along the line of the Ulster & Delaware Railroad.

The Government officials have not yet finished the work of filling in the "bad" places on the dikes in the Rondout Creek.

The year to date, from a pecuniary point of view, has been an excellent one for mechanics and laborers in this city.

A common variety of butter sells in this city for 25 cents per pound and eggs are nearly two cents apiece.

Yesterday T. W. Wadsworth caught a partridge in his yard on Chestnut-street.

A child of John Weiss, on Pierpont-street, died of diphtheria week last night.

On men's vests in this city are displayed many emblematic pins and badges.

Making pickles is among the work of the average housewife these days.

The array of peddlers and agents selling goods is increasing daily.

It is reported that a number of marriages are on the tapis.

There will be a full moon on October 8.

Are the health officers doing anything?

THE DEMOCRATIC ALLIES AT WORK.

Prohibitionists Nominate a County Ticket at Their Convention To-day.

The Prohibition Convention convened to-day in the Grand Jury room at the Court House. Dr. C. O. Sahler, Chairman of the County Committee, called the Convention to order. Thomas H. Burgess, of Highland, was made Chairman and U. G. Tice, of Ellenville, and E. D. Turpenning, of Ulster Park, Secretaries. The Rev. Henry TenHagen, of Kripplush, made a prayer. The following committees were appointed: On Resolutions—John G. Gray, J. B. Palmer and Henry Griffith. On Credentials—C. D. Alliger, E. D. Turpenning and U. E. Tice. On Nominating New County Committee—J. W. Donaldson, C. B. Story and J. E. Shultz.

The Nominating Committee made the following report:

For County Judge.....Derick W. Sparling
For District Attorney.....John G. Gray
For Justice of Sessions.....John Ertion

It was resolved that the matter of the nomination of Derick W. Sparling as County Judge be referred to the members of the County Committee and that they call upon Mr. Sparling and ascertain if he is a true blue Prohibitionist.

The other nominations were confirmed. The following were nominated for Members of Assembly:

First District.....A. B. Rose
Second District.....C. P. Stone
Third District.....John Blake

A Senate Nominating Committee was appointed.

THE LOCAL SHIPPING INTELLIGENCE.

The Albany Day Boats and the Mary Powell Tugboat at Tidewater, Etc.

The Albany day boats will make their last trips for the season on October 14 and 15. The New York will go south for the last time on October 14 and the Albany on October 15. Both boats will winter in the Metropolis.

The schooners Mary B. Smith, Lewis Jane and George B. Ferguson were numbered 1000, 1001 and 1002, and will be towed, which arrived here yesterday afternoon.

The steamboat Vanderbilt, with a large tow, passed the mouth of the Rondout Creek yesterday afternoon, bound south.

They arrived at tidewater at Eddyville yesterday 14 Delaware & Hudson Canal boats laden with 1,900 tons of coal.

The schooners Olive Branch and Adam Bowley are at Eddyville being loaded with cement for Boston.

The last of a cargo of lumber was discharged from the schooner St. John at Crane's dock to-day.

The yacht Bodouin has been hauled out for the season at Marvel's Marine Railway at Newburgh.

The steamboat Mary Powell has had an excellent season.

"Peck's Bad Boy" will be presented at Locomotive Park races. The horse "Savator" was a favorite.

Among the great things produced at Hudson this season is a cucumber six feet, four inches long.

The barn of Robert Stuart, near Poughkeepsie, was burned this morning. Loss \$10,000.

A five-year-old Chatham boy fell from a second-story window recently and was not injured.

Riverview Lodge of the I. O. O. F. will be instructed at Fishkill Landing this evening.

The annual parade of the Albany Fire Department was held this afternoon.

Theodore Thomas will give a concert in Poughkeepsie on October 9.

A Jewish synagogue may be erected in the near future in Newburgh.

At the Poughkeepsie Alms House there are 64 inmates.

Pickpockets infest Poughkeepsie. Too bad!

Partridge sell for \$2 per pair in Hudson.

News by villages received from correspondents of THE FREEMAN to-day follows:

Saugerties.
The Rev. Father D. O'Connell, of the Catholic Church here, has been transferred by the Catholic Bishop of this diocese to Nassau, among the Bermuda Islands. His departure will be regretted.

The Young People's Association of the M. E. Church are holding a fair. It will be continued this evening.

The funeral of the late Catherine A. Wigram, held on Tuesday, was largely attended.

Marlborough.
A former Marlborough young man, who is now a lawyer in a large dry goods store in San Diego, California, says trade never looked so promising in California as it does this fall.

T. W. Stillwell has been appointed a lay preacher of the Methodist Church here, vice Benjamin Palmer resigned.

Street lamps have been placed on Grand, West and Hudson streets.

Summit, Schoharie County.
G. Van Zile, who is 96 years old, has walked from his home to this village, a distance of nearly a mile, a number of times this season.

A stone walk has been laid in front of the M. E. Parsonage.

Anacram, Columbia County.
A house owned by Grove Scott, at Anacram, Columbia County, was destroyed by fire on Monday morning at about 1 o'clock.

The house had been unoccupied for six months and the fire is believed to have been of incendiary origin. Loss about \$1,500; no insurance.

Mettacahoon.
The Sunday School Association of the Town of Rochester will meet in this place in the near future.

Operations at the paper mill of Davis & Young have been commenced.

Kripplush.
DeWitt C. Oakley has sold his farm. It is part of the land sold by the Trustees of Marlborough to Ephraim Chambers, April 24, 1764. Mr. Oakley has purchased his mother's farm and will remove there.

IN RELATION TO SEWAGE.

COMMUNICATION RECEIVED FROM THE STATE BOARD OF HEALTH.

That Body Recommends That the Sewage of Kingston Ought to be Discharged into Rondout Creek and Not into the Esopus Creek—The Report of the Engineer.

At the meeting of the Board of Health this afternoon the following communication from the State Board of Health in relation to sewage of the First Ward sewers running into the Esopus Creek was submitted:

ALBANY, October 1, 1890.
To the President of the Board of Health of Kingston, N. Y.:

Sir—I have the honor to transmit you a copy of the report of Professor C. C. Brown on the subject of Kingston sewage into the Esopus Creek, and the resolution adopted by the State Board of Health thereon at its meeting held in New York City on September 28, 1889, as follows:

Resolved, That the State Board of Health in its present information and acting from a sanitary point of view, recommends that the sewage of Kingston should be discharged into Rondout Creek instead of Esopus Creek, and that before being discharged it should be purified. Very respectfully, your obedient servant,
LEWIS BALCH, Secretary.

The report of Civil Engineer C. C. Brown gives a synopsis of an inspection of the Esopus and Rondout creeks, and the analysis made by Professor Willis G. Tucker of four samples of water. No. 1 was taken above Kingston; No. 2, 400 feet below the outlet of Tannery Brook; No. 3, at the entrance of the creek into the mill-pool at Saugerties; No. 4, in the same pool just above the dam.

Professor Tucker, in his analysis, says: "The color, appearance and odor of these waters are good. Chlorine is low in all, indicating a sewage from permanent causes, also low for surface waters. Free ammonia quite low except in No. 3, in which it is excessive. Albuminoid ammonia is highest in No. 1, but fairly low in all. Total solids low in all and behavior during ignition satisfactory. With the exception of No. 3, in which the free ammonia is in excess, these waters may be considered fairly satisfactory. No. 4 shows the least evidence of pollution, and the next best in most respects is No. 1. No. 2 contains decided traces of nitrates, and in No. 3 the free ammonia is in excess as stated. The albuminoid ammonia is not as high, however, as in No. 1. The waters doubtless all contain some sewage, but it is largely diluted."

Later on the Engineer reported that Uptown has an outlet at a "reasonable expense for all or nearly all its sewage into the Rondout Creek." After telling of his inspection of the Rondout Creek he added: "It will be necessary to prevent the introduction of more raw sewage into the stream (the Hudson River). To enable it to be continued, therefore, it will be advisable to purify the sewage of Kingston before permitting its discharge into Rondout Creek."

In closing he reports: "It follows that the extent of the sewerage system tributary to Esopus Creek should be the smallest possible preferably not more than over the First Ward now under contract, and such small portions on Tannery Brook and the Esopus per side of it as cannot be conveniently turned the other way. It is possible to turn the main sewer of the first drainage district carrying practically all the sewage from that district except that from the portion now constructing down Jacob's Valley, the head of which crosses the line between the two creeks, to the other outlets constructed or proposed; would make four outlets into Rondout Creek and would necessitate that the sewage be emptied into the Rondout Creek."

The First Ward sewers are half completed. The City is bound by contract to complete the other half. The grade of these sewers, as arranged, is to run the sewage into the Esopus Creek.

A Negro Who Has Handled Billions.
(From the Cleveland Leader.)

Few if any persons in this country have handled more money, and checks, bonds and other representatives of money than "Uncle" Henry Logan, the messenger of the Register of the Treasury. He is a colored man, past 70, as punctual as the hands of a clock, and as trustworthy as a burglar-proof safe. His principal function is to carry checks, warrants, bonds, etc., to and from the Register's office, where they have to be signed. He has been doing this for 25 years, with scarcely a day's absence during all that time. He has handled a large part of the bonds and currency issued by the Government, and the warrants that have been drawn upon the Treasury. The aggregate in dollars, if it could be figured out, would go high up into the billions. Express companies are paid a fixed sum per mile for every thousand dollars they transport for the Government, and if "Uncle Henry" had been paid at the same rate he would now be ailing in wealth. He receives a salary of \$720 a year, and on his modest income he has been able to buy a home and raise a large family. "Uncle" Henry held his place all through Mr. Cleveland's Administration, and bids fair to remain until the infirmities of age compel his retirement. His black face and white hair are in striking contrast. His pleasant, grandfatherly ways make him a general favorite in the Department. He says he hasn't any politics.

Make Life's Wheels Run Smoothly:
(From the Washington Post.)

Take time. If you use too much force, or do the wrong key, pushes, shakes and rattles it about the lock until both are broken and the door is still unopened.

Angry thoughts canker the mind and dispose it to the worst temper in the world—that of the man who is not satisfied. It is in this temper that most men become criminals.

The chief secret of comfort lies in not suffering trifles to vex us and in cultivating our undergrowth of small pleasures.

The world is like a looking-glass. Laugh at it and it laughs back; frown at it and it frowns back.

Try to speak some kind word or do some kind deed each day of your life. You will be amply repaid.

It is not riches, it is not poverty, it is human nature that is the trouble. States and nations are no exception.

Try to regard present vexations as you will regard them a month hence.

Since we cannot get what we like let us like what we can get.

Show your sense by showing much in a few words.

Set your work to song.

Literary Notices.
The leading article in the October Forum is a review of the political situation in Europe, by Professor Emile de Laveleye, of the University of Liege. He shows the points of danger to peace, and explains the formidable preparations for war that even the most pacific nations are continually making. It is a comprehensive inside view of the political status of all Europe. A hundred years hence, Professor Laveleye thinks, except China, there will be no nation that can compare in strength and importance with the United States and Russia. Senator S. M. Cullom, of Illinois,

IN AND ABOUT THIS CITY.

BITS OF NEWS, STORIES AND SOME HUMOROUS GOSSIP.

An Incident in Reference to Brute Strength And "Know How"—Two Wagons Collide—Prisoners in Jail—Heavy Shipments of Coal Being Made Up the U. & D. Railroad.

"Strength-testing machines" can be seen in business places in a number of localities in this city. A night or two ago several men stood around one of these machines. A powerfully-built farmer grasped the handles. The dial pointed up to 550. A "champion," who stood near-by, took hold and lifted 475 pounds. At this there was a laugh, and a demand was made for any one in the room to beat the record. An under-sized man, somewhat slimy built, weighing perhaps 120 pounds, had been a silent spectator. He was invited to try his strength. "Of course," said one spectator, "we do not expect you to lift as much as the other men, but give it a trial." After some persuasion the little man stepped to the machine, gave an easy pull, and, to the surprise of all, the needle ran up to 300, then to 350, 375, 400, 500, and finally stopped at 520. He held the pointer there a moment so that every one could see the figures. There was a dead silence for a second or two. Then the broad-shouldered countryman said: "My friend, have you been taken a dose of the Brown-Sequard elixir?" There is a "knack" in "knowing how to lift."

A meeting of the members of the Senate House Association was held last night. William Lounsbury was elected chairman and F. A. Westbrook Secretary. The following were elected Trustees: James G. Lindsay, F. A. Westbrook, Charles Burhans, William Lounsbury and John E. Kraft. To be considered: Thomas Cornell, S. D. Cuykendall, John Bray, A. T. Clearwater, Melv. VanWagoner, to serve two years; Charles Merritt, A. B. Parker, C. D. Roosa, James A. Betts and H. D. Darrow, to serve one year. The officers elected were: William Lounsbury, President; James G. Lindsay, Second Vice-President; Charles Burhans, Treasurer; H. D. Darrow, Secretary. House Committee, Messrs. A. T. Clearwater, A. B. Parker, J. E. Kraft, John Bray and James A. Betts. The Association adjourned to meet October 14.

People who bet on horse races are always looking for "pointers." Some time ago a resident of this city was at the Monmouth Park races. The horse "Salvator" was a favorite. Among the other nags fleet of limb was a little brown horse, which took the fancy of the Kingstonian. He said to a companion: "If I were a betting man I would bet on that little brown horse, for I like the way he foots it." "What you say?" asked a little French woman sitting near by. The Kingstonian repeated his statement. "I buys dat horse," said the woman. She bought a pool for \$5. The brown horse won, and she drew \$35.

Drivers on the Kingston City-Horse Railroad never tire in telling of the exploits of "Old Butcher," the most intelligent horse owned by the Company. It is said of "Old Butcher" that one day the driver got off the car without the animal's knowledge, and it proceeded along the route. Twice the bell was rung, and "Old Butcher" stopped until the passengers alighted. When it reached the turn-table it pulled the car around "all by itself."

The following meetings are announced: Mr. Horeb Chapter, No. 75, R. A. M., this evening. First annual rehearsal of Kingston Philharmonic Society this evening. United German Lodge, No. 303, I. O. O. F., this evening. Local Branch of State Chancery Aid Association: reception at Downtown Y. M. C. A. rooms, head of Alms Commissioners; all three on Friday evening. Evangelical Alliance, second Monday of October.

It is alleged that a number of school houses are poorly ventilated. An old school teacher says: "Ventilation of school houses! It will result in brighter and healthier children. They will learn faster and grow larger, and the teachers who live in the same atmosphere with them will be improved physically and otherwise, as well as the children. Cold throats will disappear and sick headaches will be the exception—not the rule."

The fair in aid of the Uptown Young Men's Christian Association which was opened on Tuesday afternoon is a success. The fair will continue this evening. The rooms of the Association are so centrally located, and the object so worthy, almost every one "goes in." At the various booths tables are loaded with articles of every description.

About 4 o'clock this afternoon William D. Cashion and Miss Mary Ann Horeb were married in St. Mary's Catholic Church by the Very Rev. P. Prendergast. Michael O'Donnell, of Malden, acted as groomsmen and Miss Mary Flannery, of New-York, as bridesmaid.

Building operations near Ulster Academy will soon sweep away the detested barbed wire fences on which school children have torn their clothing frequently. One day last week a little girl was quite severely injured by coming in contact with the wire.

John Chance and Joseph Auguski have been committed to jail, to await the action of the Grand Jury, by Justice-of-the-Peace Henry McNamee, of Edenville, charged with having broken into an ice house and stolen a number of tools.

There are few chestnut trees within a mile or two of this city that have not been denuded of their burs. Some of them appear as though they had been struck by a cyclone.

Last evening two wagons came in collision on Hasbrouck-avenue. Two wheels on one of the vehicles were demolished. One of the drivers narrowly escaped serious injury.

The horse, "Star of Ulster," owned by William Esman, of Nanapanoch, has been entered in the Goheen races and is now in training on the grounds.

Yesterday afternoon before the rain began falling a cloud of inky blackness was apparently sent soaring for an instant by a zig-zag flash of lightning.

Myron S. Allen and George Ertel played ball with the Port Jervis Club to-day and will play with the same team again to-morrow and Friday.

Heavy consignments of coal are being shipped from this city to localities along the line of the Ulster & Delaware Railroad.

The Government officials have not yet finished the work of filling in the "bad" places on the dikes in the Rondout Creek.

The year to date, from a pecuniary point of view, has been an excellent one for mechanics and laborers in this city.

A common variety of butter sells in this city for 25 cents per pound and eggs are nearly two cents apiece.

Yesterday T. W. Wadsworth caught a partridge in his yard on Chestnut street.

A child of John Weiss, on Pierpont-street, died of diphtheritic croup last night.

On men's vests in this city are displayed many emblematic pins and badges.

Making pickles is among the work of the average housewife these days.

The array of peddlers and agents selling goods is increasing daily.

It is reported that a number of marriages are on the tapis.

There will be a full moon on October 8.

Are the health officers doing anything?

THE DEMOCRATIC ALLIES AT WORK.

Prohibitionists Nominate a County Ticket at Their Convention To-day.

The Prohibition Convention convened to-day in the Grand Jury room at the Court House. Dr. C. O. Sahler, Chairman of the County Committee, called the Convention to order. Thomas H. Burgess, of Highland, was made Chairman and U. G. Tice, of Ellenville, and E. D. Terpenning, of Ulster Park, Secretaries. The Rev. Henry TenHagen, of Kripplush, made a prayer. The following committees were appointed: On Resolutions—John G. Gray, J. B. Palmer and Henry Griffith. On Credentials—C. D. Alliger, D. Terpenning and U. E. Tice. On Nominating New County Committee—J. W. Donaldson, C. B. Story and J. E. Shultz.

The Nominating Committee made the following report:

For County Judge.....Derrick W. Spurling
For District Attorney.....John G. Gray
For Justice of Sessions.....John Ertel

It was resolved that the matter of the nomination of Derrick W. Spurling as County Judge be referred to the members of the Executive Committee and that they call upon Mr. Spurling and ascertain if he is a true blue Prohibitionist.

The other nominations were confirmed.

The following were nominated for Members of Assembly:

First District.....A. D. Rose
Second District.....C. P. Stone
Third District.....John Blake

A Senate Nominating Committee was appointed.

THE LOCAL SHIPPING INTELLIGENCE.

The Albany Day Boats and the Mary Powell—Coal Tonnage at Tidewater, Etc.

The Albany day boats will make their last trips for the season on October 14 and 15. The New York will go south for the last time on October 14 and the Albany on October 15. Both boats will winter in the Metropolis.

The schooners Mary B. Smith, Lewis Jane and George B. Ferguson were numbered among the steamboat Austin's tow, which arrived here yesterday afternoon.

The steamboat Vanderbilt, with a large tow, passed the mouth of the Rondout Creek yesterday afternoon, bound south.

There arrived at tidewater at Edenville yesterday 14 Delaware Hudson Canal boats laden with 1,900 tons of coal.

The schooners Olive Branch and Adam Bowley are at Edenville being loaded with cement for Boston.

The last of a cargo of lumber was discharged from the schooner St. John at Crane's dock to-day.

The yacht Redoubt has been hauled out for the season at Marvel's Marine Railway at Newburgh.

The steamboat Mary Powell has had an excellent season.

Amusement Notes.

"Peck's Bad Boy" will be presented at Liscomb Opera House on Friday evening. When the humorist of a Milwaukee paper began the weekly chronicle of the doings of a young American with just a little more than the average capacity of his kind for the invention of mischief, there could have been no thought that the writer was laying the foundation for a comedy which has since grown into a stage success, and to that it came several years ago. It is an ingeniously manufactured bit of drollery, and no one can sit it through without a keen enjoyment of its ludicrousness.

The "Bad Boy," his father, Major Isaac Peck, Miss Minnie, his sweetheart, and Schultz, the groceryman, co-sufferers with the Major, are actual personalities to many readers of the chronicles.

A harvest home fair and festival will be given on the A. M. E. Zion Church here on October 10, 11 and 12 for the benefit of the Church and its Pastor. There will be musical and literary exercises.

General Grant Post G. A. R. and Tappan Camp Sons of Veterans will hold a fair jointly in December. The proceeds will be for the relief fund of both organizations.

An entertainment will be given in the Chapel of the First Reformed Church, under the auspices of the Heidelberg Sewing Circle, on Tuesday evening.

The "St. Perkins" Company played to a \$600 house last night. The audience was pleased, and Manager C. V. DuBois made money.

Hasbrouck-Young.

Miss Maude Helen Young, daughter of Mrs. C. V. D. Young and niece of Charles Bray and Conrad E. Hasbrouck, youngest son of Jansen Hasbrouck, were married at the residence of Ex-Mayor Bray, uncle of the bride, last evening. The Rev. J. G. Van Slyke officiated. The contracting parties stood in front of a bank of ferns and palms which reached from the floor to the ceiling. The costume of the bride was of gold-colored silk, embroidered with silver. Lloyd Bray, of this city, and Harry Thomas, of Albany, cousins of the bride, acted as pages. The ushers were VanDenBurg and Charles Reynolds, Jr., of this city, and Louis B. Hasbrouck and Louis B. Ostrander, of New-York City. The invitations to the marriage were limited to the relatives and immediate friends, of which there were about 100 present. The house was decorated with flowers and an orchestra furnished music. There were many valuable presents. A supper was served. Mr. and Mrs. Hasbrouck took the 7:45 south-bound train on the West Shore Railroad. They will reside in the lower part of this city.

The Classis of Ulster.

An interesting meeting of the Classis of Kingston was held in the Fair-Street Reformed Church last evening. The object of the meeting was the ordination to the Christian ministry of James Cantine, of Stone Ridge, who will go to Arabia as a missionary. The President of the Classis, the Rev. J. Lasher, of Guilford, presided. The sermon was preached by Professor Lansing, of the New-Brunswick Theological Seminary. The discourse was an analysis of the promises of God to Abraham in regard to the descendants of his son Isaac, and a earnest plea for missionary effort among the people of Arabia. Mr. Cantine expects to sail for his field of labor in a few weeks. The Christian people of Kingston City and Ulster County will take much interest in his work.

Parade of Rhinebeck Firemen.

The annual parade and inspection of the Rhinebeck Fire Department took place to-day. The parade was a fine one. Among the visiting companies were Niagara Steamer Company No. 2, of Poughkeepsie, headed by Peabody's Band; J. W. Haysradt Hose Company, of Hudson; J. S. Fiske Hook and Ladder Company, of Lansingburgh; DePoy's Steamer Company, of Tivoli; Washington Hook and Ladder Company, of Saugerties, and Rescue Hook and Ladder Company, of Athens. This evening the members of Poughkeepsie Engine Company No. 2, will give a ball in the Town Hall.

Ladies Who Ride on Tricycles.

The question has been asked whether it is practicable for ladies to ride tricycles from this city to Ellerslie Park. The answer is in the affirmative. A lady who lives here rode a 90-pound tricycle the other afternoon, rode over all the drive ways, climbed a number of the hills without dismounting, and returned to the ferry in two and a half hours. Fast time can be made coasting down hill with a tricycle.

The Court of Sessions.

In the Court of Sessions this afternoon, during the examination of jurymen for the case of The People vs. Robinson, a member of the Court went out of the room and counsel for the defense objected to further proceedings on that ground. The objection did not stand.

Kingston Philharmonic Society.

First regular rehearsal of Kingston Philharmonic Society this evening.

HUDSON RIVER RIPPLES BY MAIL, ETC.

News on the East and West Banks of the Hudson and Inland.

The Rev. W. N. Seales, Pastor of the Methodist Episcopal Church at Sing Sing, on Monday night celebrated his silver wedding in the parlors of his church on Highland-avenue, on invitation of his congregation. The Rev. A. R. Foot, Pastor of the Baptist Church, on behalf of the Methodist congregation, presented Dr. Seales with a tray heaping full of silver coin, aggregating in value \$250. The Pastor was also the recipient of many pieces of silver from individuals in his congregation.

The handsome new building at Mount Vernon for the use of the Young Men's Christian Association was opened last evening. Addresses were made by President George Robinson, the Rev. I. Simmons, of the Methodist Episcopal Church, the Rev. S. F. Holmes, of Trinity Episcopal Church, and the Rev. C. K. Clearwater, of the Reformed Church. The building is on Fourth-avenue, between First and Second-streets, and is constructed of white stone.

A special session of the members of Mecca Temple, order of the Mystic Shrine, was held in Poughkeepsie on Monday evening. Forty Knights Templar and Thirty-second Degree Masons—several from this city—paid \$25 for the privilege of "walking over the hot sands of the desert."

Affairs of Local Railroads.

The general offices of the New-York, Ontario & Western Railroad Company, now in New-York City, will be removed to Middletown in the near future.

The Erie Railroad has so much freighting that it has not locomotives enough to meet the demand.

The Schultheis Club.

The members of the John F. Schultheis Club, of New-York, who went to Roxbury on their annual outing on Saturday, returned to the Metropolis last night. During their stay at Roxbury the visitors enjoyed themselves in various ways. The target shooting, foot races, etc., were closely contested.

Real Estate Sold.

What is known as the Peter P. Ackert farm, consisting of 50 acres and buildings, at Marlborough, was sold by Loan Commissioners, by virtue of a loan mortgage, at the Court House on Tuesday. It was bid in by the Commissioners for \$604.

IN RELATION TO SEWAGE.

COMMUNICATION RECEIVED FROM THE STATE BOARD OF HEALTH.

That Body Recommends That the Sewage of Kingston Be Discharged into the Rondout Creek and Not into the Esopus Creek—The Report of the Engineer.

At the meeting of the Board of Health this afternoon the following communication was received from the State Board of Health in relation to sewage of the First Ward sewers running into the Esopus Creek was submitted:

ALBANY, October 1, 1889.

To the President of the Board of Health of Kingston, N. Y.

I have the honor to transmit you a copy of the report of Professor C. C. Brown on the subject of Kingston sewerage into the Esopus Creek, and the resolution adopted by the State Board of Health thereon at its meeting held in New-York City on September 28, 1889, as follows:

Resolved, That the State Board of Health with its present information and acting from a sanitary point of view recommends that the sewage of Kingston should be discharged into the Rondout Creek, and that before being discharged it should be purified. Very respectfully, your obedient servant, Lewis B. Bach, Secretary.

The report of Civil Engineer C. C. Brown gives a synopsis of an inspection of the Esopus and Rondout creeks, and the analysis made by Professor Willis G. Tucker of four samples of water. No. 1 was taken above Kingston; No. 2, 400 feet below the outlet of Tannery Brook; No. 3, at the entrance of the creek into the mill pond at Saugerties; No. 4, in the same pond just above the dam.

Professor Tucker, in his analysis, says: "The color, appearance and odor of these waters are good. Chlorine is low in all. Oxygen absorbed from permanganate also low for surface waters. Residual chlorine is absent in No. 1, and in No. 2, 3 and 4. The amount of ammonia is highest in No. 1, but fairly low in all. Total solids low in all and behavior during ignition satisfactory."

Professor Tucker, in his analysis, says: "The amount of ammonia is highest in No. 1, but fairly low in all. Total solids low in all and behavior during ignition satisfactory."

Professor Tucker, in his analysis, says: "The amount of ammonia is highest in No. 1, but fairly low in all. Total solids low in all and behavior during ignition satisfactory."

Professor Tucker, in his analysis, says: "The amount of ammonia is highest in No. 1, but fairly low in all. Total solids low in all and behavior during ignition satisfactory."

Professor Tucker, in his analysis, says: "The amount of ammonia is highest in No. 1, but fairly low in all. Total solids low in all and behavior during ignition satisfactory."
